

TimeSaver™

A proven solution for your impaired risk cases

The TimeSaver™ is the most widely accepted preliminary inquiry in the industry. This powerful tool helps identify solutions for your impaired risk clients.

The TimeSaver™

The TimeSaver™ (our informal inquiry) helps to identify potential solutions for client niches including substandard, older-age, and high net worth/jumbo/financial cases by expediting the research of multiple carriers and determining which are more likely to underwrite your clients to obtain a competitive offer.

Goals

The goals section of the TimeSaver asks for imperative information that will help your Underwriter and sales team narrow down which carriers will be the best candidates for your clients. By knowing the premium tolerance, product information, and if the case was previously sent to carriers, we can focus on how to specifically negotiate with each carrier—helping to get you the offer needed to complete a sale.

Personal History

The TimeSaver allows you to collect details that would not necessarily be addressed in medical records. Hazardous avocations, foreign travel, and driving history are important factors often overlooked in the informal underwriting process. Since these factors have a direct impact on the underwriting rate class, providing this information at the start of the process allows your Underwriter to address these issues head on, eliminating surprises and delays later in the underwriting process.

Medical Information

Our job is to tell your client's story to the carrier. The TimeSaver can be instrumental in collecting the details of your client's medical history that helps our underwriters tell the story. Contact information for doctors, dates of treatments, medications, and build are pertinent aspects of any case. By you fully completing all medical sections of the TimeSaver—especially providing information on the more complex medical issues such as cancer, diabetes, or cardiac disease—valuable insight is gained to help determine what medical records should be ordered upfront, reducing the overall time it takes to complete the file.

While an offer is never guaranteed until the formal process is finalized, with a fully completed TimeSaver, the most accurate facts can present each case in a more favorable light.

Credits

The purpose of this section is to help your Underwriter best position your file with our carriers by highlighting any additional positive aspects of your medical or social history. Several of our carriers have crediting programs that can improve a proposed insured's underwriting assessment by one or more classes.

Preliminary Inquiry — Not an application for life insurance.

This TimeSaver™ form is used exclusively to gather specific information on a proposed insured as needed that may impact underwriting and rating classification. This is not an application for insurance and in no way guarantees a specific underwriting class or binds any insurance coverage with any insurance carrier.

The decision to order records versus moving directly to a formal application is determined by a combination of the product, face amount, and medical history provided.

The undersigned insured(s) (hereafter referred to as "I", "me" or "my"), authorizes the use and disclosure of my personal health and medical information protected by state and federal law including the privacy regulations promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA) as follows:

Description and Purpose of Disclosure: This authorization shall apply to any and all of my personal health and medical information, including medical records in their entirety which may contain mental health records (excluding psychotherapy notes, as defined by HIPAA) and restricted records, life expectancy reports, prescription drug records, HIV-related information, use of alcohol or controlled or prohibited substances, and employment records, whether or not personally or individually identifiable (collectively referred to as my "PHI"). This authorization and all uses and disclosures of my PHI made under this authorization are for the purposes of allowing Tellus Brokerage Connections and any affiliated companies (hereinafter collectively "Tellus") and any Authorized Recipient (as defined below) to: (1) determine my eligibility for Insurance Products and Services, as defined below; and/or (2) market Insurance Products and Services to me.

"Insurance Products and Services" means, for example, life insurance, disability insurance, as well as premium financing and other similar types of products and services. Insurance Products and Services also include long term care or other types of health insurance.

Classes of Persons Authorized to Disclose My PHI: I authorize any health care provider, including any doctor, hospital or medically-related facility, nurse, pharmacy, physician, practitioner, or practitioner practice group (each an "Authorized HCP"), and any insurance company, HMO/PPO or similar organization, employer or, except as may be limited by state law, any other organization, institution or person that has my PHI to disclose to Tellus or any Authorized Recipient, any such records or information as provided under this authorization.

Classes of Persons Authorized to Receive My PHI: PHI received by Tellus may be disclosed under this authorization to any affiliates, subsidiaries, corporate parents, agents (including any third parties working on behalf of the insured/proposed insured), independent contractors, insurance carriers, authorized representatives, third party administrators and the officers, directors, employees, agents, and other representatives of each and to any other person or entity for the purposes herein described (each an "Authorized Recipient").

Further Disclosure Authorization: I authorize each Authorized Recipient to further disclose my PHI as necessary to carry out the purposes under this authorization. I understand and acknowledge that PHI that is redisclosed by the Authorized Recipient may no longer be protected by law. I further acknowledge that some state and federal laws prohibit the further disclosure of information regarding the diagnosis, prognosis and treatment of drug or alcohol abuse, communicable diseases or infection including sexually-transmitted diseases or HIV without specific written consent. I hereby authorize Tellus and each Authorized Recipient to further disclose the foregoing information to the extent such disclosure is necessary in order to carry out the purposes under this authorization.

Expiration of Authorization: This authorization shall remain valid for two (2) years after the date signed below.

Right to Revoke: I understand that I may revoke this authorization at any time by sending a written request for revocation to Tellus or to any Authorized HCP at such address designated to me. Any revocation of this authorization shall not apply to the extent that any person has taken action in reliance upon this authorization prior to receiving written notice of my revocation.

This authorization complies with the provisions of the HIPAA Privacy Rule governing authorizations (45 C.F.R. Sec. 164.508). I understand that this authorization is a requirement for the underwriting, sale or settling of Insurance Products and Services and Tellus may condition enrollment, eligibility, benefits, sale or settling of Insurance Products and Services on whether I sign this authorization.
